2006/10/1: Certified Specialist of Ultrasonography in Radiology, Taiwan

2007/9/22: Certified Breast Specialist of Taiwan

2007/9/28: ABII, the American Board of Imaging Informatics

2016/11/28: Academic Teaching Rank Accreditation Certificate Assistant Professor, No. 144067, Minister of Education, Taiwan.

Dr. Chin-Yu Chen is an attending radiologist in Chi-Mei Medical Center, Tainan, Taiwan. He

was specialized in breast cancer imaging for 19 years, both screening and diagnostic imaging such as mammography, ultrasound, and breast MRI, as well as up-to-date technology of imaging-guided biopsy. In addition, he is also an expert in imaging informatics and information management. His research interests are not limited in clinical breast imaging, but also the breast cancer screening policy, medical audit of breast imaging, integration and workflow improvement of RIS/PACS, and also imaging analysis. He was a board member of DICOM Taiwan between 2007 and 2015, and section chief of Breast and Thoracic Imaging between 2009 and 2013 in Chi-Mei Medical Center.
