Vice chairman of Emergency Ultrasound Committee, TSEM(2010-2012)

Member of Emergency Ultrasound Committee, TSEM (2008-2010; 2016-2018)

I have contributed all my efforts promoting emergency ultrasound service and education in Taiwan for more than 15 years. In addition to emergency ultrasound, I also help the development of critical care ultrasound in Taiwan since 3 years ago. I collaborated with international experts to provide ultrasound training in Hong Kong, Singapore, Malaysia, Indonesia and Thailand. My next goals will be promulgating focused and holistic ultrasound education and training to undergraduate medical students and physicians from different specialties.
