

Ai-Ho Liao B.S., M.S.

**National Taiwan University of Science and Technology
Taiwan**

Ai-Ho Liao received the B.S. and M.S. degrees in Biomedical Imaging and Radiological Science from National Yang-Ming University in 2003, and the and Ph.D. degree from the National Taiwan University in 2009 in electrical engineering. She was a postdoctoral researcher in NTU Research Center for Medical Excellence – Division of Genomic Medicine at National Taiwan University in 2009. In August 2010, she went to the Graduate Institute of Biomedical Engineering at National Taiwan University of Science and Technology, where she is currently Associate Professor. She is also currently the Adjunct Assistant Professor in National Defense Medical Center. Her research interests include ultrasonic imaging, therapeutic ultrasound, molecular imaging, the design of ultrasound contrast agent, drug delivery and tumor biology, etc.
