

Yung-Tsai Lee MD

**Cheng-Hsin General Hospital
Taiwan**

After received MD, I jointed the military service as a medical doctor and certified in medicine. Then I trained in Surgery and Cariovascular surgery in Cheng-Hsin General Hospital. Then I received the board of surgery and cardiovascular surgery. I attended PhD program in Immunology Graduated Institute in National Yang-Ming University and focus on inflammation and cardiovascular surgery. Currently, I am interesting in TAVR surgery and as a proctor of Medtronic and Boston Scientific. I am also interesting in thoracic aorta surgery.

Professional Experience:

Attending surgeon, Department of Cardiac Intensive Care Unit and Cardiovascular Surgery, Cheng Hsin General Hospital, Taipei, Taiwan (1999-present)
